Attachments: Draft - Oil and Natural Gas Issue Paper for IOGCC Business Meeting (Spring 2018).docx

Jim

We have updated these R8 sections in your UOG SharePoint version of the draft IOGCC briefing book:

- North Dakota: SDWA UIC Class VI (Geologic Sequestration of CO2) Program Primacy
- Utah/U&O Reservation: Coordination of CAA Federal Implementation Plan (FIP) for Oil and Natural Gas Sources
- Region 8: CAA Permitting and Oversight
- Region 8: Indian Country Direct Implementation - CAA Permitting and Oversight
- Enforcement - Oil and Gas Enforcement Activities (Case Summaries table)

For the "Region 8: Correspondence with Colorado/North Dakota Oil and Natural Gas Associations Regarding Federal Enforcement Activities" section, we have a comment box from Cindy Beeler: OCIR's Jim Kenney will update this as HQ organized the Oil & Natural Gas Roundtable meeting held at Region 8 Feb. 27-28 . A 10-page summary of the meeting was posted at:

<https://www.epa.gov/uog/materials-february-2018-oil-and-natural-gas-roundtable>

Region 8 completed their visits with State DEQs and OGCCs (all except SD) by January 2018.

I have attached a copy of the current UOG SharePoint briefing doc so that those that don't have access to the SharePoint site can review it.

Does this IOGCC briefing info get shared with any external parties or is it just for EPA staff? We think that everything we added should be fine to share externally by the 5/6 meeting, but there are some ozone nonattainment decisions coming on Monday 4/30 that we allude to in the Uinta and Ouray Reservation FIP section.

Thanks

Carl Daly, Deputy Assistant Regional Administrator
Office of Partnerships and Regulatory Assistance
EPA, Region 8
303-312-6416

Hi Carl -

Thanks for your help with the IOGCC briefing materials. You now have access to the UOG POC SharePoint site. Whether you make the documents in the SharePoint document or

you want to send me a stand alone Word file - no worries, I will deal with it. Again, I am very appreciative of your help. I'll be in Santa Fe tomorrow meeting with the state and OW on some oil and gas matters but accessible by phone at (202) 768-2618 if you have any questions. Thanks!

Jim
